Dental Wellness Plan

Iowa Health and Wellness Plan

- Focuses on population health and an earned benefits approach which provides incentives for additional health and dental care services and improves member awareness about the importance of wellness, oral health and compliance with treatment plans.

- Uses health and oral health risk-assessment tools to facilitate data collection and improve understanding of the health and oral health care status of the population.

Opportunity for Improved Oral Health

- Estimated eligible population of 140,000 for the Iowa Wellness Plan and the Marketplace Choice Plan options.

- Once enrolled in either plan option the Dental Wellness Plan is informed by DHS that there is a new member.

- The Dental Wellness Program is administered by Delta Dental under an Iowa Department of Human Services contract until 2017.

- The Dental Wellness Plan is a 1st in the nation government dental program with earned benefits and a risk assessment to improve oral health for adults.
Iowa Health and Wellness Plan

- Iowa Health and Wellness Plan (IHWP) enacted during the 2013 Legislative Session with bipartisan support
- Includes dental services under the Dental Wellness Plan
- One plan, two options:
  - Iowa Wellness Plan: For adults age 19-64 with income below 100 percent FPL
  - Marketplace Choice Plan: For adults age 19-64 with income between 100-133 percent FPL

Dental Wellness Plan Design

Delta Dental worked closely with the State of Iowa and key stakeholders to create a plan design that focuses on prevention and incorporate member responsibility.
- Teach good oral health to members
- Get the population to a healthier state
- Accomplish this within 3 years prior to Federal government changing program funding
- Members must return for preventive care visits in order to be eligible for additional benefits.
- Members continue with preventive care schedule to stay eligible for all benefits.
Core Benefits

- Member has Core benefits as soon as they enter the program.
- Diagnostic and Preventive Services include:
  - Exams and Education, Cleanings, X-rays and Fluoride treatments.
- Emergency Services – primarily to relieve significant pain or to relieve acute infections (unlimited subject to specific criteria)
  - Problem focused exams, extractions/oral surgery, surgical incision and drain, anesthesia, palliative treatment, periapical x-rays, pulpal therapy.

Core Benefits Benefits

- Stabilization Services – allows members to maintain basic human functions or prevents a condition from deteriorating in an imminent timeframe to a more serious situation (subject to specific criteria)

Enhanced Plus Benefits

• Member must return to their General Dentist for preventive care between 6 and 12 months from 2nd visit to be eligible for Enhanced Plus services.
• All Core and Enhanced benefits are still available plus Enhanced Plus benefits of:
  – Crowns/Onlays – for anterior permanent teeth and extensive coronal destruction/broken cusp and posterior teeth with root canal therapy and cracked tooth syndrome.
  – Tooth replacements – dentures (complete and partial) and bridges for designated conditions.
  – Gum Surgery
• Note: all Enhanced Plus services require Prior Authorization.

Member Maintenance

• Member must continue to see a Dentist for preventive care every 6 to 12 months to have Enhanced and Enhanced Plus benefits available to them on an on-going basis.
• If a member misses preventive care guideline, they start the program from the beginning.

Oral Risk Assessment

• Risk Assessment facilitates data collection as population improves to a healthier state.
• The tool for the Oral Risk Assessment (PreViser) provides scores on both periodontal disease and caries.
• Oral Risk Assessment will be completed annually by General Dentist.
• On-line assessment tool (PreViser) takes minutes to complete and follows comprehensive exam collection information.
• Assessment will provide a result of low, medium or high risk to assist Dentist with creating a care plan.
